The day that recognizes the essence of a mother was celebrated in high sprit and merriment. It was a pleasure watching the dynamic and energetic children from VI L, VII L, and VIII L preparing something, unique, something, special. Each one of them decorated their table with their own ideas. The child prepared beautiful greeting cards for their mother. Conveyed an important message of being humble, respectful obedient to the mother. Some mothers while discussing with their words were not able to control their emotions. An important learning that was elicited was to be **RESPONDENT** to the child and not to **REACT**
