Dear all my loving children, I hope you all had wonderful years of school life filled with unforgettable memories. I really enjoyed having such lovely children like you all as my students. It wasn't that long, before you all had entered this school as tiny tots, crying on your first day of school. But time flies by and now it's time for you all to enter into a new competitive world where you will have to establish your place on your own. You all are intelligent but now is the time to set your goals and achieve them. Intelligence without ambition is a bird without wings. Have an ambition in life and make use of the vast knowledge you have attained from your school life. Now is the time to make use of the knowledge and experience you attained from different walks of your life & put it to best use. Allow your passion to become your purpose and it will one day become your profession. With true perseverance, determination & dedication, sky is not the limit for your children. In whichever field you go, be the Best as there is no scope for second best. Think Beyond & think Different. Be the Change. Be the Leader & not the Follower. Remember, The Expert in anything was once a Beginner. Work until you no longer have to introduce yourself. If you don't build your own dream, someone else will hire you to help them build theirs. So, children now are the right time to decide what you want to be in your life. Times wait for no one, value time & make the best use of it.

Keep your character upright to live a dignified life. When wealth is lost, nothing is lost; when health is lost, something is lost; when character is lost, all is lost. Live a respectable life in the society. Look after your health as good health is an asset you cannot afford to neglect or loose. Help the society in whichever way you can and always give back to the society when you have reached the place you wanted to be in your life. Last but not the least, respect and love your parents. We are so busy growing up that we often forget that they are also growing old. So love them back and be good children to your parents. I wish you all the success in all your future endeavours and I pray that all your dreams come true.

It was a pleasure to have you children in the SVIS family. You all will be missed.

With Love  
Yogesh patel
